

Microwave Sensor LED Bulb

This LED bulb provides energy-efficient illumination for general lighting applications. Its integrated microwave sensor enables automatic on/off functionality based on motion detection.

Product Overview

Smart Motion-Sensing Illumination

This Microwave Sensor LED Bulb offers an intelligent lighting solution designed for automatic, occupancy-based control. Featuring advanced motion detection technology, the bulb provides instant-on illumination in areas like hallways, closets, and garages, ensuring energy efficiency and convenience. Built with durable materials, it delivers reliable performance and a long lifespan, minimizing the need for frequent maintenance.

Key Features

Microwave Sensor, Motion Detection, Energy Efficient, Instant-On

Technical Specifications

Performance Comparison

Model	Power (W)	Dimensions (mm)	Lumen Output
A60-6W	6	60 x 108	600
A60-8W	8	60 x 108	800
A60-12W	12	60 x 112	1200

Electrical Characteristics

176 V

Min Voltage

264 V

Max Voltage

0.5 PF

Power Factor

Light Quality

- Color Rendering Index (RA): 80
- Color Temperature (CCT): 2700-6500K
