

Mini Electric Deep Fryer with Non-Stick Interior

This compact electric deep fryer has a 1-liter oil capacity and an aluminum build. It features a non-stick coated interior and adjustable temperature settings.

Product Overview

Compact Deep Frying Solution

This mini electric deep fryer is designed for efficiency and convenience in compact kitchen environments. Featuring a durable aluminum die-cast pot with a non-stick surface, it ensures easy food release and simple cleanup. With an adjustable temperature selector and a 1.5L volume, this unit provides precise control for a variety of fried dishes, making it an excellent choice for small-scale professional or commercial catering needs.
