

Mini Hi-Fi Sound Box with Detachable Speakers

This mini hi-fi sound box is designed for portability and modularity. Each speaker unit measures 100mm x 50mm x 80mm and can be detached from the central unit, which houses the power source and tuning mechanism.

Overview

Compact Hi-Fi Audio Solution

The CS-0111 Mini Hi-Fi Sound Box is a versatile, portable audio system designed for flexibility and ease of use. Featuring detachable speakers, this unit is compatible with portable computers, MP3 players, CD players, and radio devices. Its compact design and antimagnetic loudspeaker construction make it an ideal choice for space-saving audio applications.
