

# Mini Locking Pliers Set

This set features three mini locking pliers. It includes a curved jaw plier, a long nose plier, and a locking C-clamp with swivel jaw.

## Product Overview

### Precision Mini Locking Pliers Set

This versatile set of mini locking pliers is designed for precision tasks in tight spaces where standard tools are too bulky. The collection includes three essential configurations: a curved jaw plier, a long nose plier, and a locking C-clamp with a swivel jaw. Each tool is engineered for secure gripping and reliable performance, making them an indispensable addition to any professional toolkit or repair kit.
