Product Overview

Versatile Mini Petrol Tiller

The SC55 is a compact and multifunctional mini tiller designed for efficient soil preparation in gardens, small farms, and landscaping projects. Powered by a high-quality Senci petrol engine, it offers a lightweight yet robust solution for tasks such as cultivating, weeding, and ditching. Its advanced aluminum alloy gearbox ensures durability and smooth operation across various terrains.

Performance Metrics

Key Performance Metrics

1.8 kW

Rated Power

3600 RPM

Engine Speed

35 kg

Gross Weight

Engine & Transmission

Engine Model	Senci 156F Petrol
Starting Mode	Recoil
Transmission	Belt + Chain
Gear Box	Aluminium alloy with oil lubricant
Gear Shifting	1 Forward

Operation Capabilities

Tilling Width	600 mm
Tilling Depth	200 mm
Blade Type	3-3 (2+1)
Applications	Cultivating, Weeding, Ditching, Paddy Field Working, Soil Preparation

Physical Properties

Net Weight	35 kg
Packaging	Carton and Iron Frame

Technical Specifications

specifications	
engine model	156F Petrol
rated power	1.8kw/3600
starting mode	recoil
transmission	belt+chain
gear shifting	1 forward
Tilling width	450-600
tilling depeth	100-200
blade type	3-3(2+1)
tire type	/
packing	carton+iron frame
gross weight	35kg

Comprehensive technical data sheet including engine power, tilling dimensions, and transmission details.

Detailed Specifications

Feature	Value
Engine Type	156F Petrol
Tilling Width Range	450-600mm
Tilling Depth Range	100-200mm
Transmission	Belt + Chain
Starting System	Recoil
