Product Overview

Heavy-Duty Mini-Split Wall Mounting Solution

This high-quality wall mount bracket is designed for the secure installation of mini-split air conditioner outdoor units. Featuring a robust metal construction with an 'L' groove design, it ensures structural safety while integrated rubber pads minimize vibration and protect exterior walls. The inclusion of a built-in spirit level and adjustable bolts simplifies the installation process for professional HVAC contractors.

Technical Specifications

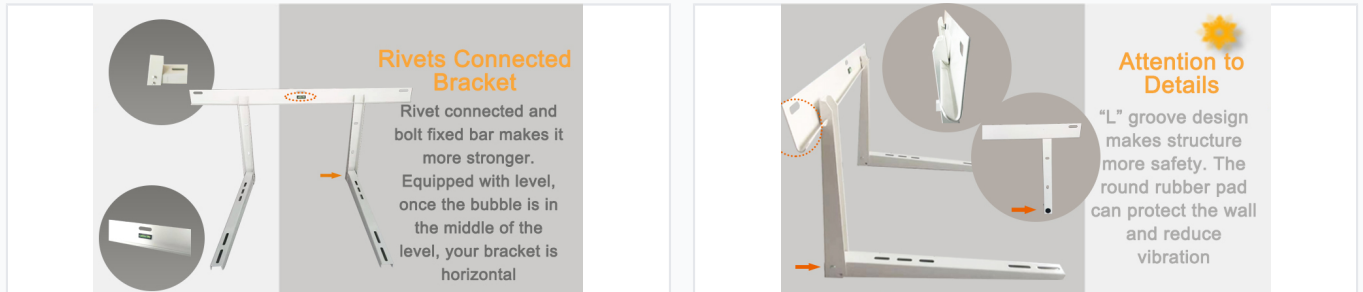

Model Specifications Table

Model Code	Bottom Bar (mm)	Vertical Bar (mm)	Cross Bar (mm)	Thickness (mm)	Max Load (kg)
Y450	450	400	800	1.5	100
Y500	500	400	800	1.5	100
Y550	550	400	800	1.8	150
Y650	650	450	1000	2	200

Material & Build

Material Composition	Cold-rolled Steel, Zinc-coated Steel, Hot-dipped Galvanised Steel
Surface Treatment	Epoxy resins in polyester for outdoor use (RAL 9002)

Key Features

Safety & Stability Features

- L-groove design for enhanced structural safety
- Rivet-connected and bolt-fixed bars for maximum strength
- Integrated bubble level for precise horizontal alignment
- Round rubber pads for vibration reduction and wall protection

Included Hardware	2 Plastic or Rubber adjustable bolts (M8*42)
