Product Overview

Professional Circuit Protection

The KNB6-125 Miniature Circuit Breaker offers a robust and reliable solution for electrical protection in residential, commercial, and industrial environments. Designed with a focus on structural integrity and high breaking capacity, it ensures safety against overloads and short circuits. Its standard DIN rail compatibility allows for convenient and efficient installation, making it a practical choice for modern electrical systems.

Electrical Ratings

Breaking Capacity

10000 A

Breaking Capacity

Rated Working Voltage	240V/415V
Rated Current	125 A
Operating Frequency	50/60Hz

Technical Specifications

Suitable Applications

- Residential
- Commercial
- Industrial

Tripping Characteristic	C100
Installation	Standard DIN rail
Compliance & Standards	IEC 60947-2, CE, CB
