

Miniature Circuit Breaker 45A 220V

Miniature circuit breaker designed for electrical protection. It is rated at 45A with a voltage of 220V and has a breaking capacity of 3000A.

Overview

Reliable Electrical Protection

This miniature circuit breaker is engineered for robust electrical protection in demanding environments. Rated for 45A and 220V, it provides essential safety features including a 3000A breaking capacity and IP30 ingress protection. It is manufactured in strict compliance with GB16916.1-2003 standards to ensure consistent performance and safety.
