Overview

Reliable Circuit Protection

The SB6L Miniature Circuit Breaker is designed to ensure safety in residential, commercial, and industrial electrical systems. It provides essential protection against overloads and short circuits, featuring a robust breaking capacity of 6kA. With versatile configuration options including 1 to 4 poles and multiple tripping curves, this device is a dependable choice for modern electrical distribution.

Technical Specifications

Rated Breaking Capacity

6 kA

Breaking Capacity

3 kA

Conditional Short Circuit Strength

Rated Current	63 A
Tripping Curves	Curve B, Curve C, Curve D
Pole Configuration	1-4 pole versions available
Operating Frequency	60 Hz

Compliance & Features

Standards Compliance

- IEC/EN 60898-1
- IEC/EN 60947-2

Certifications

CE • TUV

Contact Position Indicator	Yes
