

Miniature Circuit Breaker 6kA 415V

This miniature circuit breaker series is designed with a reasonable structure and high breaking capacity. It is suitable for industrial and commercial applications requiring reliable overcurrent and short-circuit protection.

Product Overview

Reliable Circuit Protection

The KNB1-63 series miniature circuit breaker is designed for robust performance in electrical distribution systems. It offers high breaking capacity and a reasonable structure, making it suitable for both commercial and industrial applications. This device ensures reliable protection against overloads and short-circuits in AC 50/60Hz lines.

Electrical Ratings

Breaking Capacity

6 kA

Breaking Capacity

Rated Voltage: 240V / 415V

Rated Current: 63 A

Technical Specifications

Certifications

CE • CB • S • NF • TSE • CM

Operating Frequency: 50/60Hz

Standards: GB10963, IEC/EN60898, IEC 60947-2

Installation: Standard DIN rail

Configuration: 2P/4P
