Product Overview

Reliable Circuit Protection

The KNB1-32 series miniature circuit breaker is designed for robust performance in AC 50/60Hz electrical lines. It provides essential protection against overloads and short-circuits, making it suitable for both residential and commercial applications. With its standard DIN rail mounting, this device ensures convenient installation and reliable operation for infrequent switching needs.

Electrical Ratings

Rated Breaking Capacity

3000 A

Breaking Capacity

Rated Working Voltage	240 V
Rated Current	32 A
Operating Frequency	50/60 Hz

Technical Specifications

Tripping Characteristic	C Curve
Mounting	Standard DIN rail

Compliance & Standards

Compliance Standards	IEC/EN 60898, GB10963, CE, CB
