Product Overview

High-Performance Miniature Circuit Breaker

The PB8H Miniature Circuit Breaker provides essential overload and short-circuit protection for residential, commercial, and industrial electrical systems. Engineered for reliability, it features a robust 10kA breaking capacity and is available in 1-4 pole configurations. With clear contact position indicators and compliance with international standards, it ensures safe and efficient power distribution.

Technical Specifications

Rated Breaking Capacity

10 kA

Breaking Capacity

6 kA

Conditional Short Circuit Strength

Electrical Ratings

Parameter	Value
Rated Current	Up to 63A
Rated Voltage	230/400V
Frequency	50/60Hz

Tripping Curves

Curve B, Curve C, Curve D

Features & Compliance

Certifications

CE • KEMA • IEC/EN 60898-1

Key Features

- Overload protection
- Short-circuit protection
- Contact position indication window (Green: ON, Red: OFF)
- 1-4 Pole configurations available
