

Miniature Circuit Breaker with 10kA Breaking Capacity

This miniature circuit breaker provides overload and short-circuit protection. It has a contact position indication window that displays green for ON and red for OFF.

Product Overview

Reliable Circuit Protection

The N8DH Miniature Circuit Breaker is engineered to provide robust protection against both electrical overloads and short circuits. Featuring a high breaking capacity of 10kA, it ensures safety and reliability in diverse electrical applications. Designed with user convenience in mind, it includes a clear contact position indication window for quick status verification.

Electrical Ratings

Rated Current

6 A

Min Rated Current

40 A

Max Rated Current

Rated Breaking Capacity	10 kA
Conditional Rated Short Circuit	6 kA

Technical Specifications

Tripping Curves	Curve B, Curve C, Curve D
Frequency	50/60Hz
Configuration	1P + N

Standards & Compliance

Certifications

CCC • CE • VDE

Standards

- IEC/EN 60898-1
- IEC/EN 60947-2
