Product Overview

Reliable Circuit Protection

The SB6NZ Miniature Circuit Breaker provides essential overload and short-circuit protection for residential, commercial, and industrial electrical systems. Designed for versatility, it supports 1-4 pole configurations and is fully compliant with international safety standards. With a compact design suitable for DIN rail installation, it ensures efficient space management in electrical panels while offering clear status indication.

Technical Specifications

Breaking Capacity

3 kA

Rated Short-Circuit Capacity

Electrical Ratings

Parameter	Value
Rated Current	Up to 63A
Rated Voltage	240/415V
Frequency	50/60Hz

Tripping Curves

Curve B, Curve C, Curve D

Standards & Compliance

Certifications

CE • TUV

Standards

- IEC/EN 60898-1
- IEC/EN 60947-2

Design & Features

Pole Versions

1-4 pole versions available

Status Indication

Green (ON) / Red (OFF) contact position window
