

Miniature Stainless Steel Garden Tool Set

This set of miniature garden tools is designed for tending succulents and miniature plants. The tools are made from food-grade 304 stainless steel and feature a rose gold baked lacquer finish.

Product Overview

Professional Miniature Gardening Set

This premium miniature garden tool set is specifically engineered for the meticulous care of succulents and small indoor plants. Crafted from food-grade 304 stainless steel, each tool offers exceptional durability and resistance to corrosion. The sophisticated rose gold baked lacquer finish provides both an elegant aesthetic and enhanced surface protection for long-term use.
