

Mobile Garden Hose Reel Cart

This mobile cart stores up to 60m of 1/2" hose or 45m of 5/8" hose. It is designed for convenient garden watering and hose organization.

Product Overview

Mobile Telescopic Hose Cart

The DY619P Telescopic Hose Cart is a robust, mobile solution engineered to simplify garden watering and hose management. Featuring a height-adjustable telescopic handle, it ensures ergonomic handling for users of different statures. The cart is designed to protect your equipment with an angled connection that prevents kinking and twisting, ensuring longevity and ease of use in any environment.
