

# Mobile High-Pressure Washer with Water Tank

This mobile high-pressure washer features a large water tank for extended operation between refills. The unit is mounted on a durable frame with wheels for easy transport and maneuverability.

## ADDITIONAL IMAGES

## Product Overview

### Industrial-Grade Mobility

This mobile high-pressure washer is engineered for demanding industrial and commercial cleaning tasks where water access is limited. Featuring a high-capacity integrated water tank and a robust, trailer-compatible frame, it offers exceptional autonomy and ease of transport. The system supports dual-gun operation and includes a convenient hose reel, making it a versatile solution for construction, agriculture, and heavy-duty maintenance.

## Technical Specifications

Engine Power	5.5 kW
Engine Options	Customizable engine selection available

## Operational Features

Gun Configuration	Supports double guns and hoses
Hose Management	Yes

## Mobility & Design

Water Storage	Large capacity tank • Durable construction
Mobility Features	Four large wheels, Trailer compatible, Mobile unit
