Overview

Heavy-Duty Mobile Illumination

This mobile LED lighting tower is engineered for demanding environments, including mining sites, construction zones, and emergency response scenarios. Featuring a robust, trailer-mounted design, it offers exceptional portability and rapid deployment capabilities. The unit includes an integrated generator for self-sufficient, autonomous operation in remote locations where grid power is unavailable.

Technical Specifications

Lighting Technology	High-intensity LED
Power Source	Integrated Diesel Generator
Mast Configuration	Telescopic

Key Features

Mobility & Deployment

- Towable trailer-mounted design
- Leveling jacks for uneven surfaces
- Outriggers for enhanced stability
- Easy transport and rapid deployment

Operational Capabilities

1 Autonomous

Power Source

1 High-Intensity LED

Illumination Type

Applications

Suitable Environments	Mining Sites, Construction Sites, Emergency Response, Outdoor Events
