Overview

Mobile Lighting Solution

This mobile lighting tower is designed for versatility and ease of use in demanding environments. Featuring a robust, compact design with a telescopic mast, it provides reliable illumination for construction sites, emergency response, and outdoor events. The unit is built for durability and includes convenient maintenance features, ensuring long-term performance and operational efficiency.

Technical Specifications

Lighting Configuration

4 pcs

Number of Lamps

360 W

LED Power

Maximum Mast Height

7.5 m

Mast Operation

5-section manual telescopic

Noise Level

63 dB(A)

Logistics & Design

40HQ Container Capacity

16 units

Key Design Features

Compact Design, Heavy-duty Winch, Integrated Forklift Pockets, Large Maintenance Door, Auxiliary Power Output
