

Mobile LPG Steam Car Washer

This mobile car washer utilizes LPG to generate high-pressure steam for effective cleaning. Its mobile design allows for easy transportation and use in various locations.

Overview

Mobile LPG Steam Car Washer

This mobile LPG-powered steam car washer offers a high-pressure, eco-friendly solution for professional automotive and industrial cleaning. Designed for mobility and efficiency, it features a no-boiler system for enhanced safety and rapid startup times. With adjustable steam settings and a robust battery-powered design, it provides versatile, continuous operation for demanding cleaning tasks in various environments.

Performance Metrics

Steam Pressure

20 kg

Max Pressure

Initial Heating Time	1 min
Continuous Operation	24 hours

Power & Energy

Battery Specifications	48V (12AH x 4PCS)
Power Source	LPG Powered, Rechargeable Battery

Safety & Features

Safety Alarms

- Overpressure
- Over voltage
- Overheat
- LPG leak
- Water shortage

Key Design Features

No-boiler design • Anti-freezing function • Mobile with trundles • Adjustable steam

Cleaning Capabilities	Foaming, Waxing, High-pressure steam, Micro water system
