

Mobile Phone Accessory

These are accessories and parts for mobile phones. They enhance the functionality and appearance of mobile devices.

Overview

Urban Transport Solution

The GZ6102SV1/SV2/SV3 is a specialized single-fuel LPG air-conditioned city bus engineered for efficient urban passenger transport. By utilizing liquefied petroleum gas (LPG) as its primary fuel source, it ensures cleaner and more efficient combustion compared to traditional alternatives. The vehicle design prioritizes passenger safety with a dedicated protective barrier around the gas cylinder.

Technical Specifications

Available Models

- GZ6102SV1
- GZ6102SV2
- GZ6102SV3

Fuel Type	Liquefied Petroleum Gas (LPG)
Engine Performance	High-performance LPG engine for cleaner and more efficient combustion

Safety Features

Safety Systems	Gas Cylinder Protective Barrier, LPG Optimized Engine
