

Mobile Phone Accessory Assortment

This collection features a variety of accessories for mobile phones. These accessories enhance the functionality and provide protection for mobile devices.

Product Overview

High-Performance Deep Groove Ball Bearings

These deep groove ball bearings are engineered for high-speed operation, providing reliable support for both radial and axial loads. The assortment covers a comprehensive range of dimensions, ensuring suitability for various industrial applications. Each unit is manufactured to precise standards, offering verified load ratings and limiting speeds to meet rigorous mechanical requirements.

Bearing Series

16001, 16002, 16003, 16004, 16005, 16006, 16007, 16008, 16009, 16010, 16011, 16012, 16013, 16014, 16015, 16016, 16017, 16018, 16019, 16020

Technical Specifications

Dimensions and Load Ratings

Bearing No.	Inner d (mm)	Outer D (mm)	Width B (mm)	Dynamic C (kN)	Static Co (kN)
16001	12	28	7	5.08	2.38
16005	25	47	8	6.48	4.18
16010	50	80	10	12.5	10
16015	75	115	13	25	23.8
16020	100	150	16	38.2	38.5

Performance Metrics

12 mm Min Inner Diameter	100 mm Max Inner Diameter	28 mm Min Outer Diameter	150 mm Max Outer Diameter
