

Mobile Phone Grip with Integrated Mirror

This mobile phone grip features a built-in mirror for added convenience. The integrated grip enhances handling and stability for smartphones.

Product Overview

Versatile Mobile Accessory

This innovative mobile phone accessory combines a secure grip with a high-definition mirror, perfect for capturing rear-camera selfies. Designed for versatility, it functions as a resting stand for various mobile devices and is compatible with magnetic car holders. It supports wireless charging and offers customizable insert options, making it an ideal choice for personalized branding.
