

Mobile Work Platform Ladder

This heavy-duty mobile work platform ladder is designed for safety and efficiency. It features a sturdy multi-layer wooden platform with adjustable height settings.

Product Overview

Professional Mobile Work Platform

This heavy-duty mobile work platform ladder is engineered for safety and operational efficiency in professional environments. Featuring a robust multi-layer wooden platform, it offers adjustable height settings in 10cm increments to accommodate diverse task requirements. The structure is built with premium materials that are certified free of heavy metals and polycyclic aromatic hydrocarbons, ensuring compliance with international safety standards.

Performance & Capacity

Load Capacity

300 KG

Maximum Load Capacity

600 KG

Caster Load Capacity

Available Configurations

Model	Max Working Height	Weight
HB4923 (Single Layer)	1.8	69.41
HB4923-2 (Double Layer)	3.5	97.16
HB4923-3 (Triple Layer)	5.2	152.32

Technical Dimensions

Platform Specifications

- Dimensions: 168cm x 69cm
- Thickness: 18mm
- Material: Multi-layer wood
- Adjustment Increment: 10cm

Single-Layer Model Dimensions

- Platform working height: 165cm
- Total height: 183cm
- Platform depth: 74cm
- Top rail height: 73cm
- Platform width: 178cm

Safety & Certification

Compliance & Certifications	ANSI, SGS RoHS, TÜV PAHs, PICC Liability Insurance
Caster Details	Cast steel and rubber wheels with 150mm diameter
