

# Modular Plastic Conveyor Belt for Beverage Packing

This modular plastic conveyor belt is designed for beverage packing lines. It provides a reliable and efficient solution for conveying packaged beverages.

## ADDITIONAL IMAGES

## Overview

### Modular Plastic Conveyor Belt

This modular plastic conveyor belt is engineered specifically for high-efficiency beverage packing lines. Designed for durability and reliability, it features a robust modular construction that facilitates easy assembly, maintenance, and cleaning. The belt is constructed from food-grade materials, ensuring compliance with safety standards, and is capable of handling significant loads in demanding industrial environments.

## Technical Specifications

### Max Load Capacity

**1.2 tons/sqm**

Load Capacity

Model Type	HS-LBP1005
Pitch	25.4 mm
Thickness	25.6 mm
Minimum Width	85 mm
Rod Diameter	6 mm
Open Area	0%
Working Temperature	-40°C to 260°C

## Features & Compliance

### Material Options

PP • POM • PE • PA

### Available Colors

White • Blue • Gray • Nature • Dark-brown

### Certifications

FDA, EU

## Applications

### Industry Applications

- Meat (beef & pork)
- Poultry
- Sea Food
- Bakery
- Snack Food
- Fruit & Vegetables
- Automotive
- Tire Manufacturing
- Packaging
- Printing/Paper
- Postal
- Corrugated Cardboard
- Can Manufacturing
- PET Manufacturing
- Textile
