Product Overview

Specializing in production of buttons and indicators since 1997

A robust, waterproof LED push button designed for heavy-duty industrial control interfaces.

High-Performance Industrial Switch

This momentary LED push button switch is engineered for demanding industrial environments requiring reliable signal and control operations. Built with a combination of zinc alloy and high-grade anti-flam plastic, it offers superior durability and high anti-electrical erosion properties. Its IP67-rated waterproof construction ensures consistent performance in harsh conditions, making it an ideal choice for control panels, machinery, and signaling systems.

Voltage Ratings

660 V

Max AC Voltage

400 V

Max DC Voltage

Environmental Durability

Metric	Specification
Operating Temp	-5°C to +55°C
Storage Temp	-25°C to +70°C
Humidity	35% - 85% RH
Pollution Grade	3

Mechanical Properties

- Fastening Torque: 0.8Nm (Max: 1.2Nm)
- Installation Class: III
- Mounting Hole Diameter: 30.4mm
- Max Panel Thickness: 6mm

Certifications

Protection Rating

IP67 • IP66 • IP65 • IP54 • IP40
