

Mosaic LED Solar Garden Light

Mosaic LED solar garden lights add a touch of elegance to any outdoor space. The solar-powered design ensures easy installation and automatically charges during the day and illuminates the garden at night.

Overview

Elegant Solar Illumination

The Mosaic LED Solar Garden Light combines functionality with a simple, elegant design suitable for various outdoor landscapes. Constructed with durable, anti-aging, and anti-rust materials, these lights are built to withstand outdoor conditions while maintaining their aesthetic appeal. Featuring efficient polysilicon solar panels and a high-capacity battery, they provide reliable, energy-saving illumination for up to 10 hours on a single charge.

Technical Specifications

Battery Capacity	600 mAh
Battery Type	1.2V AA Ni-Mh Rechargeable
Charging Time	~4 hours
Lighting Duration	10 hours
Power Rating	0.2 W

Design & Materials

Material Properties

Anti-aging • Anti-rust • Scratch-resistant

Construction Materials	Stainless Steel, Plastic, ABS
------------------------	-------------------------------

Performance Metrics

Key Performance Indicators

2 V Solar Panel Voltage	40 mA Solar Panel Current
