Product Overview

Dual-Function Pest Control and Lighting

This innovative LED light bulb integrates standard illumination with an effective mosquito zapper, providing a dual-purpose solution for pest management. Utilizing UV light to attract insects, it eliminates pests through a high-voltage grid, offering a chemical-free alternative to traditional repellents. Designed for versatility, it is suitable for both indoor and outdoor environments and fits standard E27 light sockets for easy installation.

Technical Specifications

Base Type	E27
Input Voltage Range	100-250V / 175-250V

Performance Models

Performance Comparison

Power (W)	Lumen Output (lm)	Size (mm)
9	720	Ø75*147
15	1200	Ø90*164
20	1600	Ø96*195

Features

Key Features	UV Attractant, Chemical-Free, Indoor/Outdoor Use, Protective Cage
