

Motion Activated LED A19 Bulb

This LED A19 bulb operates on AC110-220V and emits a pure white light at 6000K. It features motion activation and can be set to either OFF or ON.

Product Overview

Smart Motion-Activated Lighting

This advanced A19 LED bulb features an integrated microwave radar sensor for intelligent, hands-free lighting control. Designed for convenience and energy efficiency, it automatically turns on when motion is detected and operates on a day-off/night-on cycle. It is an ideal solution for automated lighting in hallways, stairwells, and entryways.

Technical Specifications

Power Consumption	12 W
Luminous Flux	1200 lm
Operating Voltage	AC110-220V
Base Type	E27
Color Temperature	6000 K

Features

Sensor Technology	Microwave Radar Sensor
Automation Modes	Motion Activated, Day-Off/Night-On

Construction

Materials

- Plastic
- Aluminum
