Product Overview

Standalone Motion Detection Solution

This standalone motion sensor provides a compact and efficient solution for reliable movement detection in various security and automation environments. Engineered with a wide 110-degree field of view and a 5-meter range, it offers versatile monitoring capabilities. The device is designed for simplicity, battery-powered convenience, and includes a high-decibel audible alarm for immediate feedback.

Technical Specifications

Detection Performance

110 ° Detection Area	5 m Detection Range	90 dB Alarm Loudness
Power Requirements	2*CR2450 3V DC	
Estimated Battery Life	1 year	

Compliance & Quality

Certifications	CE, RED
