

Motorcycle Aluminum Luggage Set with LED Top Case

This motorcycle luggage set includes a 45L top case with LED winker and 39L side panniers. The cases are made from durable 2mm aviation aluminum.

Product Overview

Professional Grade Aluminum Luggage System

This premium aluminum luggage set is engineered for durability and high-performance touring. Featuring a robust 2mm aviation-grade aluminum construction, the system offers superior protection for your gear in adventure and daily commuting conditions. The top case integrates a unique water-turn LED signal for enhanced visibility, while the universal mounting design ensures compatibility with a vast range of touring and adventure motorcycles.
