

# Motorcycle Aluminum Luggage Set with LED Top Case

This motorcycle luggage set features a 45L top case with an integrated LED winker and 39L side panniers. The aluminum boxes are made with 2mm thick material.

## Product Overview

### Premium Aluminum Adventure Luggage

This high-durability aluminum luggage set is engineered for long-distance touring and adventure motorcycling. Built from 2mm aviation-grade aluminum, the boxes offer superior strength compared to standard 1.5mm alternatives. The system includes an innovative top case equipped with integrated LED turn signals, providing enhanced visibility and safety for professional riders.
