

Motorcycle Cylinder Head Gasket for C100 Engines

This cylinder head gasket is designed for C100 engines with a 50mm cylinder bore. It ensures a tight seal between the cylinder head and engine block, preventing leaks and maintaining optimal compression.

Product Overview

High-Performance C100 Engine Gasket

This cylinder head gasket is precision-engineered specifically for C100 motorcycle engines featuring a 50mm cylinder bore. Constructed from durable, high-temperature resistant materials, it ensures a reliable, airtight seal between the cylinder head and engine block. This component is essential for maintaining optimal compression and preventing leaks, making it an ideal choice for professional-grade engine repairs and routine maintenance.

Technical Specifications

Quality Grade

High-Performance • Durable Construction

Engine Compatibility	C100 Engines
Cylinder Bore	50 mm
Application	Motorcycle Repair, Engine Maintenance, Cylinder Sealing
