Product Overview

High-Performance Drive Sprocket

This precision-engineered motorcycle drive sprocket is designed to deliver optimal power transfer and exceptional durability for your drivetrain system. Manufactured from high-quality hardened steel, the sprocket features a specialized tooth profile that ensures smooth chain engagement and significantly reduced wear over time. It is an ideal solution for drivetrain upgrades or routine maintenance, providing reliable performance in demanding riding conditions.

Compatibility

Compatible Motorcycle Models

- AX100
- ECO100
- CG125
- GY6
- AKT125
- 110-2
- BOXER100

Technical Specifications

Material	Hardened Steel
Model Identification Codes	CB12-42, 08B-1-42
