Product Overview

High-Performance 25H Timing Chain

This 25H timing chain is engineered for reliable power transmission in a wide range of motorcycle engines. Featuring specialized hardened pins, the design ensures exceptional durability and reduced wear under demanding operating conditions. With a proven service life exceeding 50,000 kilometers, this chain offers a high-quality solution for maintenance and performance upgrades.

Technical Specifications

Material Composition

Component	Material
Plate	45Mn
Pin	30CrMnTi
Bush	20Mn

Chain Type: 25H

Guaranteed Service Life: 50000 km

Quality & Standards

Key Features

Special Hardened Pins • High Durability • Engineered for Transmission Power

Certifications: ISO 9001:2008
