Product Overview

High-Performance Exhaust Solution

This motorcycle exhaust muffler is engineered to optimize exhaust flow while effectively reducing engine noise. Constructed from durable, high-grade stainless steel, it is designed to withstand high temperatures and demanding riding conditions. With a sleek finish and streamlined design, this muffler offers both aesthetic appeal and reliable performance for a wide range of motorcycle models.

Technical Specifications

Available Colors

Silver • Blue • Rainbow • Black • Gold

Material Composition

Stainless Steel 201, Stainless Steel 202, Stainless Steel 304, Stainless Steel 409

Surface Finish

Mirror polishing

Welding Technique

Excellent
