

Motorcycle Foot Pegs with Rubber Grip

These motorcycle foot pegs are made from cast aluminum with a silver finish. They feature a black rubber grip for enhanced traction and comfortable support.

Product Overview

Universal Motorcycle Foot Pegs

These motorcycle foot pegs are engineered to provide a stable and comfortable platform for the rider. Constructed from durable cast aluminum with a sleek silver finish, they are designed to withstand the rigors of the road while maintaining an aesthetic appeal. The integrated black rubber grip ensures improved traction and comfort during rides, making them an excellent upgrade for various motorcycle models.
