

Motorcycle Fuel Tank - TM125-5 Series

This fuel tank is specifically designed for TM125-5 motorcycles. It is made from durable materials for fuel corrosion resistance and long-lasting performance.

Product Overview

TM125-5 Series Fuel Tank

The TM125-5 fuel tank is a high-quality replacement part designed for seamless integration with compatible motorcycles. Featuring a sleek, aerodynamic profile with a high-gloss black finish and distinct blue and silver pinstripes, this component combines aesthetic appeal with functional durability. Constructed from corrosion-resistant materials, it ensures long-term reliability and fuel system integrity for professional maintenance and repair projects.

Design and Aesthetics

Finish	High-gloss black with blue and silver pinstripes
Design Style	Aerodynamic

Technical Features

Key Features	Corrosion Resistant, Secure Cap, Integrated Vent, Standard Mounting Points
Series Compatibility	TM125-5
