

Motorcycle Headlight Assembly with Turn Signal

This motorcycle headlight assembly features a clear lens and integrated turn signal indicator. Its unique shape and reflector design optimize light output and visibility for specific motorcycle models.

Product Overview

Integrated Illumination Solution

This motorcycle headlight assembly is engineered to provide a comprehensive lighting solution, combining both high-performance headlight functionality and an integrated turn signal indicator. The unit features a precision-designed reflector system and a clear lens to optimize light output and rider visibility on the road. Designed for seamless integration, this assembly offers a durable and streamlined upgrade for motorcycle lighting systems.

Technical Specifications

Design Advantages

- Optimized reflector design
- Enhanced light output
- Improved visibility
- Integrated indicator unit

Assembly Type	Headlight with Integrated Turn Signal
Lens Configuration	Clear Main Lens, Amber Turn Signal Lens
Turn Signal Position	Right Side
