

Motorcycle Headlight Assembly with Turn Signal

This motorcycle headlight assembly features a triangular design with three distinct lens sections. It includes clear lenses for high and low beams and an amber lens for a turn signal.

Product Overview

Modern Motorcycle Lighting Solution

This motorcycle headlight assembly features a distinctive triangular design engineered for seamless integration into modern motorcycle fairings. It combines high-visibility high and low beam lenses with an integrated amber turn signal, offering a comprehensive front-end lighting solution. Built with a durable, dark-finished housing, this assembly is designed to prioritize both rider safety and aerodynamic performance.
