

Motorcycle LED Street Light

This LED street light is designed for motorcycles, providing efficient and reliable outdoor illumination. It features a robust aluminum housing for heat dissipation and corrosion resistance.

Overview

High-Performance Outdoor Illumination

This LED street light is engineered for efficient and reliable outdoor illumination, making it an ideal solution for streets, parking lots, and general area lighting. Featuring a robust aluminum housing, the unit ensures excellent heat dissipation and superior corrosion resistance for long-term durability. It utilizes high-quality LED chips to provide significant energy savings and an extended operational lifespan.

Technical Specifications

Ingress Protection

IP65

Input Voltage

AC 100-277V

Power Factor

0.95

Color Temperature

5000 K

Color Rendering Index (CRI)

70

Physical Dimensions

Key Dimensions

580 mm

Length

235 mm

Width

Housing Material

Aluminum
