

# Motorcycle Lift Jack, 680kg Capacity, 110-385mm Lift Range

This heavy-duty motorcycle lift jack is designed for professional use. It features a robust steel frame, hydraulic lifting mechanism, and adjustable platform for secure motorcycle support.

## Overview

### Professional Heavy-Duty Motorcycle Lift

This professional-grade motorcycle lift jack is engineered for high-capacity maintenance and repair tasks. Featuring a robust steel construction and a 680kg weight capacity, it provides a stable platform for a wide variety of motorcycles. The integrated hydraulic foot pedal operation allows for hands-free adjustments, ensuring ease of use and safety in busy workshop environments.
