Product Overview

High-Performance Engine Component Set

This comprehensive motorcycle piston set is engineered for reliable engine performance and longevity. The kit includes a precision-machined piston, specialized piston rings for optimal sealing, a durable wrist pin, and secure circlips. Designed for four-stroke engines, this set ensures efficient combustion, minimal friction, and effective oil control to maintain peak engine health.

Technical Specifications

Kit Contents

- Piston
- Piston Rings
- Wrist Pin
- Circlips/Retaining Clips

Key Design Features

Precision-machined crown • Precision-machined skirt • Multiple ring grooves

Engine Type Compatibility

Four-stroke engine

Material

Cast Aluminum Alloy, Steel
