Product Overview

High-Performance Ignition Solution

This high-performance spark plug is engineered for motorcycle engines to ensure efficient combustion and reliable ignition. Designed for durability under demanding conditions, it helps maintain consistent spark output and reduces the risk of misfires. The construction is optimized for extended service life and improved engine performance across a variety of motorcycle models.

Technical Specifications

Primary Model	E6TC
Available Spark Plug Types	Iridium-platinum, Multi-ground electrode, V-cut center-electrode, Surface-sparking, Nickel copper, V-groove center-electrode

Product Range

Compatible/Related Model Variants

Model Identifier	Application Note
E6TC	Standard high-performance variant
D8TC	Alternative model variant
Z4C	Alternative model variant
