

Motorcycle Sprocket 428-38T

This motorcycle sprocket is designed for optimal power transmission and lasting durability. It features a 428 chain pitch and 38 teeth, making it suitable for various motorcycle models.

Product Overview

High-Performance Motorcycle Sprocket

This high-quality motorcycle sprocket is engineered for optimal power transmission and long-term durability. Constructed from robust stainless steel, it offers excellent resistance to wear and corrosion, making it a reliable choice for demanding applications. The design features precision-machined cutouts to reduce weight without compromising structural integrity, ensuring smooth operation and an extended service life.

Technical Specifications

Chain Pitch	428
Tooth Count	38
Material	Stainless Steel
