

Motorcycle Stainless Steel Muffler

This high-performance stainless steel muffler features an oval body and rolled DTM outlet design. It is ideal for motorcycle exhaust systems.

Product Overview

High-Performance Exhaust Component

This stainless steel muffler is engineered for motorcycle exhaust systems, offering a durable and high-performance solution for airflow management. Featuring a classic oval body design and a rolled DTM outlet, it ensures efficient exhaust gas exit and enhanced aesthetics. This unit is built to withstand rigorous use, making it an ideal choice for professional motorcycle customization and replacement needs.

Technical Specifications

Dimensions (mm)

Component	Size
Body Size	255.6 x 228.6
Outlet Diameter	177.8 x 127 x 76.2

Part Number	NDOM001
Inlet Diameter	58 mm
Design Features	Stainless Steel, Oval Body, Rolled DTM Outlet
