Product Overview

Premium Suspension Solution

These high-performance motorcycle shock absorbers are engineered for superior handling, ride comfort, and stability. Utilizing advanced manufacturing technology, they provide excellent damping responsiveness and are built for long-lasting durability. Designed to fit a variety of motorcycle models, they offer a reliable suspension upgrade for diverse riding conditions.

Target Markets

Colombia, Peru, Brazil, Argentina, Bolivia, Guatemala, Uruguay, Paraguay, India, Algeria

Technical Specifications

Mounting Dimensions

342 mm

Center Distance

12.2 mm

Mounting Hole Diameter

Model Name

BAL100

Part Number

01012140

Compatibility

125CC CG/CDI Motorcycles

Design & Build

Available Spring Colors

- Silver
- Red
- Blue

Body Finish

Black body with metallic finish

Package Contents

1 set (Single unit)
