

Motorcycle Water Seal Assembly for NC250 Engines

This water seal assembly is designed for Zongshen NC250 engines. It is compatible with various motorcycle models including RX3, KAYO, Motoland, BSE, and Megelli.

High Quality Parts & Kits by Nihao Motor

Product Overview

High Quality Parts & Kits by Nihao Motor

High-quality water seal assembly designed for ZS177MM engine cooling systems.

Engine Cooling Integrity

This water seal assembly is precision-engineered for the ZS177MM engine platform. Designed to ensure a reliable seal for the water pump system, it effectively prevents coolant leaks to maintain optimal engine cooling performance. It serves as an essential maintenance component for ensuring the long-term reliability and integrity of the motorcycle cooling system.

Compatibility

Compatible Motorcycle Models

- RX3
- KAYO
- Motoland
- BSE
- Megelli

Compatible Engine Models

NC250, ZS177MM

Technical Specifications

Application

Water Pump System • Cooling System

Part Identifier

NC-B47
