

Motorized Home Treadmill with Digital Display

This motorized treadmill is designed for home fitness use. It features a digital display that shows speed, distance, time, and calories burned.

Overview

High-Performance Home Treadmill

This motorized home treadmill is engineered to provide a professional-grade workout experience within the comfort of your home. Featuring a powerful 2.5HP motor and a generous running area, it supports a wide range of fitness levels from walking to intensive running. With advanced conveniences like a digital LCD display, integrated entertainment options, and a space-saving hydraulic folding system, this machine is designed for both performance and practicality.
