

Mouse-Shaped Kitchen Grater

This compact kitchen grater is designed in a novelty mouse shape. It features a stainless steel grating surface encased in a durable, transparent plastic body.

Product Overview

Compact Mouse-Shaped Grater

This mouse-shaped kitchen grater combines functionality with a playful, space-saving design. Featuring a durable stainless steel grating surface encased in a transparent body, it allows for clear visibility while grating cheese, vegetables, or spices. Its compact size and integrated hanging hole make it an ideal tool for small kitchens or convenient storage.
